

Fundraising Walk & Cycle

Sat. March 26th

It is 17 years since Israel began its blockade of Gaza, stopping people and goods from getting in or out, and turning Gaza into an open air prison for 2 million Palestinians. The internet provides a lifeline to connect to the rest of the world but the electricity supply is unreliable and all kinds of basic equipment are restricted.

We are raising money to buy laptops and other equipment for the 'Safe Space' Community Centre in Al-Mawasi, to provide more opportunities for education and entertainment as well as international friendship and solidarity. All donations will go to the 'Committee for Enhancement of Community Resilience in Al-Mawasi'.
